## Wide Field LED Headlight

Please read the following instructions carefully and keep for future reference. Correct usage and maintenance are essential to ensure maximum battery life and performance.

### Box Contents:

- 1 x Wide Field LED Headlight
- 1 x USB-C charging cable
- 1 x Instruction manual

### CHARGING:

- 1 Switch the light off before charging
- 2 Plug the USB cable into the USB-C input and connect to an appropriate adapter/power source
- 3 The battery indicator will light up RED during the charging process. When the battery has finished charging it will be a solid GREEN
- 4 Charging time is approximately 4 hours

### MAINTENANCE:

- 1 A full charge of at least 4 hours prior to initial use is recommended
- 2 Always recharge after use
- 3 It is advisable to charge the battery if not used for 3 months

### CAUTION:

- 1 Never attempt to disassemble the head light
- 2 Never shine the head light directly in someone's eyes

### INSTRUCTIONS FOR USE:

- 1 Press the power button to turn the head light ON.
- 2 Further presses of the power button will change between modes:
  - a. Mode 1 full beam
  - b. Mode 2 dimmed mode
  - c. Mode 3 band only /
  - d. Mode 4 headlight only
- 3 Hold the Power Button in to activate the red visibility light on the reverse of the battery pack.
- 4 Remove the red cap on the side of the battery pack to reveal the USB-C Input, whilst charging. The visibility light will be a constant red, once it shines green, battery is fully charged.
